

The 16th International Symposium on Origin of Matter and Evolution of Galaxies

Wednesday 26 October 2022

Wednesday - Session 2: Nuclear Matter and Neutron Stars & weak interaction I (10:50-12:10)

-Conveners: Takahiro Kawabata

time	[id] title	presenter
10:50	[87] Experimental study of symmetry energy (tentative)	Prof. LYNCH, William G.
11:20	[14] Theoretical Approach to the Weak Rates in Nuclear Astrophysics	Prof. SUZUKI, Toshio
11:50	[7] Constraint on the neutron star model using high-frequency quasi-periodic oscillations in magnetar	SOTANI, Hajime
